

Nozzles

Rotary or rotating spray nozzles are acceptable. The following nozzles meet this requirement. **Other manufacturers may have nozzles that meet this requirement as well.** Rotary nozzles are acceptable for turf areas. Rotating spray nozzles will not be rebated for desert landscaping. Fixed-head bubblers are more appropriate for desert landscaping and are eligible for funding.

RainBird

R-VAN, R13-18 Series, R17-24 Series

Hunter

MP Rotator series, MP800 Series

KRain

RN-100, RN-200, RN-300

Toro
