

BOARD OF DIRECTORS REGULAR MEETING AGENDA

REGULAR MEETING 8:00 A.M. OPERATIONS CENTER - 1200 SOUTH GENE AUTRY TRAIL – PALM SPRINGS – CALIFORNIA

Pursuant to the Governor's Executive Order N-29-20, there will be no public location for attending in person. Members of the public who wish to participate may do so by calling in at:

Toll Free: (866) 899-4679 Access Code: 325-294-693

Members of the public who wish to comment on any item within the jurisdiction of the Agency or any item on the agenda may submit comments by emailing sbaca@dwa.org before 5:00 p.m. July 20. Comments will become part of the Board meeting record. Board members and staff will be participating in this meeting via teleconference.

*In order to reduce feedback, please mute your audio when you are not speaking.

1.	CALL TO ORDER/PLEDGE OF ALLE	GIANCE	STUART
2.	ROLL CALL		BACA
3.	APPROVAL OF MINUTES - July 7	2020	STUART
4.	GENERAL MANAGER'S REPORT		KRAUSE

- 11. RECONVENE INTO OPEN SESSION REPORT FROM CLOSED SESSION
- 12. ADJOURN

Upon request, this agenda will be made available in appropriate alternative formats to persons with disabilities, as required by Section 202 of the Americans with Disabilities Act of 1990. Any person with a disability who requires a modification or accommodation in order to participate in a meeting is asked to contact Desert Water Agency's Assistant Secretary of the Board, at (760) 323-4971, at least 48 working hours prior to the meeting to enable the Agency to make reasonable arrangements. Copies of records provided to Board members which relate to any agenda item to be discussed in open session may be obtained from the Agency at the address indicated on the agenda.

MINUTES OF THE REGULAR MEETING OF THE DESERT WATER AGENCY BOARD OF DIRECTORS

July 7, 2020

DWA Board via Teleconference:	Joseph K. Stuart, President Kristin Bloomer, Vice President Craig Ewing, Secretary-Treasurer Patricia G. Oygar, Director James Cioffi, Director))))
DWA Staff via Teleconference:	Mark S. Krause, General Manager Steve Johnson, Assistant General Manager Esther Saenz, Finance Director Sylvia Baca, Asst. Secretary of the Board Kris Hopping, Human Resources Director Ashley Metzger, Outreach & Conserv. Mgr.)))))
Consultants via Teleconference:	Michael T. Riddell, Best Best & Krieger Holland Stewart, Best Best & Krieger))
Public via Teleconference:	David Freedman, PS Sustainability Commission Randy Duncan, Mission Springs Water District)

18805. President Stuart opened the meeting at 8:00 a.m. and asked Pledge of Allegiance everyone to join him in the Pledge of Allegiance.

18806. President Stuart called upon Assistant Secretary of the Board Roll Call Baca to conduct the roll call:

Present: Cioffi, Oygar, Ewing, Bloomer, Stuart

18807. President Stuart called for approval of the June 16, 2020 Regular Board Meeting Minutes. Approval of 06/16/20 Regular Board Mtg. Minutes

Secretary-Treasurer Ewing moved for approval. After a second by President Stuart, the minutes were approved by the following roll call vote:

AYES:	Cioffi, Oygar, Ewing, Bloomer, Stuart
NOES:	None
ABSENT:	None
ABSTAIN:	None

18808. President Stuart called upon General Manager Krause to provide General Manager's Report

Mr. Krause provided an update on Agency operations and noted his meetings and activities for the past several weeks.

18809. President Stuart noted the minutes for the July 2, 2020 Executive 07/02/20 Executive Committee meeting were provided in the Board's packet.

18810. President Stuart opened the meeting for public comment. Public Comment

Mr. Freedman congratulated DWA on receiving grant funding Mr. Freedman for water conservation, specifically \$60,000 that will be used for the Airport Demonstration Garden project.

There being no one else from the public wishing to address the Board, President Stuart closed the public comment period.

18811. President Stuart opened the public hearing at 8:23 a.m. to consider adopting the Updated 2015 Urban Water Management Plan and called upon Outreach & Conservation Manager Metzger to present staff's request for adopting the Updated 2015 Urban Water Management Plan.

Mrs. Metzger stated the Urban Water Management Plans (UWMPs) are prepared by urban water suppliers and submitted to the Department of Water Resources (DWR) every five years to support long-term resource planning, and to ensure adequate water supplies for future demands. She noted that DWA's Board of Directors adopted the 2015 UWMP in June of 2016 and DWA submitted its UWMP to DWR in July of 2016. In March of 2018, DWR requested updates to DWA's 2015 UWMP specifically on permanent population, seasonal population and minor adjustments to the recycled water/wastewater section. She pointed out that DWR recommended that DWA have pre-approval of a population memo before readopting the 2015 UWMP and that DWA submitted a proposed methodology in January of 2019. After that point, the Agency began discussions with other local water agencies regarding the development of a 2020 Coachella Valley Regional Urban Management Plan.

Mrs. Metzger noted that before committing to this collective endeavor, CVWD and DWA discussed the population methodology and agreed on DWA's method with the addition of RV population and hotel population. As the Agency had not heard back from DWR, staff submitted a revised population memo to DWR in November of 2019. She then reported that in February of 2020, Peter Brostrom of DWR verbally notified staff that DWR would accept the population methodology revised and submitted in November 2019. Based on this go ahead, staff began working with Krieger & Stewart to formally update the 2015 plan. Mrs. Metzger noted a smaller

Action Items: Public Hearing Adoption of the 2015 Urban Water Management Plan

Open Public Hearing

population in the Updated 2015 UWMP draft resulting in less demand to plan for in future years, but it brings the present gallons per capita per day figure up and that with either set of population figures, the Agency met its SBX7-7 target (20% reduction by 2020). She reported there were minor changes to the Recycled water adjustments, and pointed out that this update does not adjust the plan in any meaningful way aside from the requests DWR made with regard to population and recycled water. The updated plan does not include the new exchange agreement with MWD, augmented supply due to filtration, updated Delta Conveyance projections and other factors that will be included in the 2020 UWMP, adding the new plan will also benefit from new Census data and regional consistency.

Concluding her report, Mrs. Metzger noted the Agency has been working with Water Systems Consulting to develop the 2020 UWMP with its regional partners. That plan is due in July 2021. It is important that DWA update the 2015 UWMP rather than just wait until the 2021 plan is reviewed and approved by DWR because DWA cannot accept grant funds from DWR until an approved plan is in place. DWA currently has \$350,000 awarded by DWR that may be collected as early as 2021.

There being no one from the public wishing to address the Board and no written comments received regarding the Updated 2015 Urban Water Management Plan, President Stuart closed the public hearing at 8:32 a.m. Director Oygar made a motion to adopt the Updated 2015 Urban Water Management Plan. After a second by Secretary-Treasurer Ewing, the motion carried by the following roll call vote:

> Cioffi, Oygar, Ewing, Bloomer, Stuart AYES: NOES: None ABSENT: None ABSTAIN: None

18812 President Stuart asked General Manager Krause to present Approval for Extension staff's request for Approval for Extension of COVID-19 Financial Relief to Customers.

Mr. Krause reported the Agency is nearing the end of a second sixty-day period from May 16 to July 15 for financial relief to DWA customers. He explained that on April 2, Governor Gavin Newsom issued Executive Order N-42-20 which prohibits the water shutoff for any resident or critical business. There is no termination date in the Executive Order, so if the Board takes no action, the Agency would default into following Executive Order N-42-20. Shutoffs would still be halted until the Governor determines otherwise, late fees will be collected and the Agency will not cover the cost of processing charges for phone or credit card payments. He reported late fee prohibition results in lost revenue of about \$39,700 a month and absorbing processing fees cost the Agency about \$2,000 per month. Reconnection fees

Action Items: (Cont.) Public Hearing Adoption of the 2015 Urban Water Management Plan

Close Public Hearing

Request Board of COVID-19 Financial Relief to Customers

are a lost revenue of about \$31,500 a month – though no staff time has been expended to reconnect service since no one has been shut off.

Mr. Krause pointed out that the guidance issued by the State Water Board pursuant to Executive Order N-42-20 also suggests that agencies consider waiving late fees and offer payment plans that extend repayment over 12 months or more noting the Agency already commonly offers payment plans. Staff recommends that the Board of Directors extend financial relief to customers for an additional period of 62 days, July 15 through September 15. Staff will bring this item back to the Board of Directors for consideration at its September 15 meeting. Secretary-Treasurer Ewing made a motion to approve staff's recommendation. After a second by Director Cioffi, the motion carried by the following roll call vote:

AYES:	Cioffi, Oygar, Ewing, Bloomer, Stuart
NOES:	None
ABSENT:	None
ABSTAIN:	None

President Stuart called upon Agency Counsel Riddell to provide 06/18/20 SWC Mtg. 18813. a report on the June 18, 2020 Board of Directors of the State Water Contractors meeting.

Mr. Riddell provided a report on the following items; 1) Both houses of State Legislators have taken their summer recesses and will return on July 13, 2) A proposed balanced budget was sent to Governor Newsom in time to meet the Constitutional deadline, but he would not accept the proposed budget as presented and Republicans do not support it as well, 3) Water supply conditions in the SWP watershed are dry. There is enough additional precipitation in May to increase the allocation from 15% to 20%, which for the Agency equals an allocation of 11,150 AF, 4) The EIR that was certified for the extension for the term of the State Water Contract is being challenged. Meanwhile, the proposed amendment of the contract to expand the water management tools for contractors to make water transfers easier, is being held up by DWR pending resolution of a claim filed by the Butte County District Attorney for alleged statutory fines and damages in an amount possibly as high as \$50 Billion resulting from the deposit of eroded material into the Feather River when the spillway at Lake Oroville failed a couple of years ago. The contractors do not believe that they are responsible for any amounts that may be due. The legal issues affecting the SWP, especially in the Delta, are many, complicated and contentions.

18814. General Manager Krause reported that development of the Perris Dam Seepage Recovery Project is progressing. Recently, Metropolitan Water District of Southern California (Metropolitan) was given an update by its staff on the project. The yield of the project is now estimated at 7,500 acrefeet per year. DWA's share will be based on its cost share for Reach 28J (the

south end of the east branch of the SWP) of the SWP, approximately 450 AFY. The water that is recovered will be discharged into Metropolitan's Colorado River Aqueduct. He noted that DWA will receive its portion of the recovered water through exchange deliveries from Metropolitan. The seepage water will be in addition to the Agency's Table A allocation. He added as part of this project, agreements will be executed between DWR, DWA and CVWD, and another agreement between Metropolitan, DWA and CVWD. The project is scheduled for completion in 2023.

In response to Director Oygar, Mr. Krause indicated the cost would be approximately \$250 to \$350 AF.

18815. President Stuart noted that Board packets included Outreach & Conservation reports for June 2020.

In addition to the Board packet, Outreach & Conservation Manager Metzger reported on the following: 1), She is working with California Data Collaborative that will look at customer data and will help with water loss, 2), The DWA website is undergoing construction for better streamlining and easier updating, and 3) The Commercial Smart Controller incentive program has changed in hopes of more participation.

Director Cioffi stated he would like to have a Conservation & Public Affairs Committee meeting soon.

18816. Secretary-Treasurer Ewing noted an article in the Los Angeles Times last Sunday, giving an update on California's water situation.

18817. At 9:20 a.m., President Stuart convened into a Teleconference Closed Session for the purpose of Conference with Legal Counsel, (A) Existing Litigation, pursuant to Government Code Section 54956.9 (d) (1), Agua Caliente Band of Cahuilla Indians vs. Coachella Valley Water District, et al (2 cases); (B) Existing Litigation, pursuant to Government Code Section 54956.9 (d) (1), Mission Springs Water District vs. Desert Water Agency; (C) Existing Litigation, pursuant to Government Code Section 54956.9 (d) (1), Albrecht et al vs. County of Riverside; (D) Existing Litigation, pursuant to Government Code Section 54956.9 (d) (1), Abbey et al vs. County of Riverside; (E) Existing Litigation, pursuant to Government Code Section 54956.9 (d) (1) Bonnie Kessner, et al vs. Desert Water Agency, et al., (F) Pending Litigation, Pursuant to Government Code Section 54956.9 (d) (2), Possible Intervention in Case: AT&T vs. County of Riverside; and (G) Pending Litigation, pursuant to Government Code Section 54956.9 (d) (2), State of California ex rel. OnTheGo Wireless, LLC v. Cellco Partnership dba Verizon Wireless, et al., Case No. 34-2012-00127517.

18818 At 10:50 a.m., General Manager Krause reconvened the Reconvene – No Reportable Action on meeting into open session and announced there was no reportable action taken Items No. 11-A thru on Items No. 11-A thru No. 11-E, and 11-F. No. 11-E

General Manager Krause announced that legal counsel for Item No. 11-F DWA has filed a motion to intervene in the case of AT&T Mobility LLC, Pacific Bell Telephone Company, AT&T Corp. v County of Riverside, The State Board of Equalization, Case No. RIC 1905814 (Riverside Superior Court).

Regarding Item No. 11-G, General Manager Krause reported the Board authorized the execution of a proposed settlement in the case of State of California ex rel. OnTheGo Wireless, LLC v Cellco Partntership dba Verizon Wireless, et al., Case No. 34-2012-00127517 (Sacramento Superior Court). Director Cioffi made a motion to approve authorizing the execution of a proposed settlement. After a second by Secretary-Treasurer Ewing, the motion carried by the following vote:

AYES:	Cioffi, Oygar, Ewing, Bloomer, St	tuart
NOES:	None	
ABSENT:	None	
ABSTAIN:	None	

Adjournment In the absence of any further business, General Manager Krause 18819. adjourned the meeting at 10:51 a.m.

Sylvia Baca Assistant Secretary of the Board

Reportable Action -Item No. 11-G

GENERAL MANAGER'S REPORT JULY 21, 2020

FEMA Assistance - February 14, 2019 Flood Damage

On Valentine's Day of 2019, a storm caused incredible flooding and damage in the Coachella Valley. Several Desert Water Agency facilities were affected. On May 1, 2019, FEMA declared the flooding event a major disaster.

In June 2019, after learning that the City of Palm Springs was working with FEMA on assistance for flood remediation, staff submitted a formal Request for Project Assistance with FEMA. The request was submitted one day after the application period ended and was formally denied on August 28. DWA submitted a formal appeal and worked with Water Strategies to obtain a letter of support from Congressman Dr. Raul Ruiz. That appeal was submitted on October 2, 2019 and rejected on January 2, 2020. On July 13, 2020, FEMA representatives contacted staff to notify DWA that its Request for Project Assistance would be considered.

The Agency may be able to obtain 75% reimbursement for its flood at Snow Creek remediation (intake and bridge repairs) and on Cathedral Canyon Drive (sewer line response and repairs). This work amounted to approximately \$195,000 (approximately \$170,000 for Snow Creek and \$25,000 for Cathedral Canyon Drive).

DWA may also get reimbursement for work that has yet to be done to repair damage at the Falls Creek and Chino Creek North intakes and Whitewater Mutual system. Staff is working to develop cost estimates for the damage repairs at the three other sites.

While funding is not guaranteed at this point, staff has already begun the documentation and work needed to solicit reimbursement. Staff will inform the Board as milestones within the FEMA grant process are met.

Attached is a letter from the California Office of Emergency Services (Cal OES) that includes the formal FEMA appeal approval.

JUL 16 2020

DESERT WATER AGENCY

Mr. Mark Krause General Manager Desert Water Agency Post Office Box 1710 Palm Springs, California 92263

Subject: Response to First Appeal – Request for Public Assistance FEMA-4431-DR-CA, Mid-February 2019 Storms, Flooding, Landslide and Mudslides Cal OES ID: 065-91063 FEMA ID: 065-UUPHC-00 Subrecipient: Desert Water Agency Cal OES Log: 683323.3 FEMA Log: 391598

Dear Mr. Krause:

On July 2, 2020, the California Governor's Office of Emergency Services (Cal OES) received the enclosed letter dated June 30, 2020, from the Federal Emergency Management Agency (FEMA) informing the Subrecipient the first appeal for Request for Public Assistance (RPA) has been approved.

FEMA has determined the information sufficiently justifies accepting a late RPA. FEMA also confirmed that FEMA-4431-DR-CA was the first disaster for which the Subrecipient applied for Public Assistance (PA). For the reasons above, FEMA is granting this appeal. Please refer to the enclosed FEMA letter for additional information.

If you require additional information related to this correspondence, please contact Mr. Peter Crase, Program Manager, at (916) 869-2769.

Sincerely

DAVID GILLINGS State Public Assistance Officer

June 30, 2020

RECEIVED

U.S. Department of Homeland Security

683323.3 02 JUL 2020 PUBLIC ASSISTANCE

Mr. Ryan Buras Governor's Authorized Representative California Governor's Office of Emergency Services 3650 Schriever Avenue Mather, California 95655

Reference: First Appeal – Late Request for Public Assistance FEMA-4431-DR-CA, PA ID: 065-UUPHC-00 Applicant: Desert Water Agency Cal OES Log: 683323.2, FEMA Log: 391598

Dear Mr. Buras:

This letter is in response to your letter dated November 18, 2019, which transmitted a first appeal on behalf of the Desert Water Agency (Applicant). By letter dated September 30, 2019, the Applicant is appealing FEMA's denial of the Applicant's Request for Public Assistance (RPA). The California Governor's Office of Emergency Services (Cal OES) supports the Subrecipient's appeal due to extenuating circumstances.

FEMA has reviewed the information provided in support of the Applicant's request and determined that the information sufficiently justifies accepting a late RPA. Accordingly, the appeal is granted.

The application procedures used to initiate Public Assistance (PA) grants require that an applicant first submit a completed RPA (FEMA Form 90-49) to the Regional Administrator (RA), through the Recipient, Cal OES. RPAs must be submitted to FEMA within 30 days after designation of the area where the damage occurred pursuant to 44 C.F.R. § 206.202(c). In accordance with 44 C.F.R. § 206.202, the RA has the authority to extend the time limitations for RPAs. In this disaster, FEMA extended the deadline for RPA submittals until June 14, 2019.¹

The Applicant explains in its appeal that it failed to submit an RPA package in a timely manner because it was not aware of the disaster declaration until June 2019 and after learning about it, had difficulty getting information on the RPA submittal process. Upon learning that RPAs needed to be submitted through the Recipient (Cal OES), the Applicant contacted Cal OES and submitted its RPA that same day, Monday, June 17, 2019. The RPA deadline was Friday, June 14, 2019. In other words, the Applicant's RPA was submitted one business day late. FEMA confirmed that DR-4431 was the first disaster for which the Applicant applied for Public Assistance.

Letter from Regional Administrator, FEMA Region IX, to the Governor's Authorized Representative California, at 1

(June 3, 2019).

Mr. Ryan Buras First Appeal – Request for Public Assistance FEMA-4431-DR-CA, PA ID: 065-UUPHC-00 Page 2 of 2

For the reasons discussed above, I have determined that the circumstances justify accepting the Applicant's RPA and therefore, I am granting this appeal. To implement this decision, I have directed my PA staff to work with the Applicant to develop project worksheets for eligible disaster-related work.

If you have any questions regarding this matter, please contact Robert Pesapane, Recovery Division Director, at (510) 627-7250.

Sincerely,

Robert J. Fenton Regional Administrator FEMA Region IX

cc: Mark Krause, General Manager Desert Water Agency 1200 South Gene Autry Trail Palm Springs, CA 92264

Well #10 Wall Repair

On June 30, D&R Select Construction completed repairs to the wall at Well 10. A certificate of completion was issued to DWA along with photos of the completed work. The wall was designed by DWA Engineers to ensure that it was built outside of the right-of-way delineated by Cal Trans and the City of Palm Springs.

On July 2, Down To Earth Landscaping planted oleanders to replace those that were destroyed in the accident and installed an irrigation system for the oleander hedge.

The total contractor and landscaping cost was \$18,292.

DWA is in the process of recuperating the costs for these repairs from the security company's insurance provider.

Minutes Conservation & Public Affairs Committee Meeting July 9, 2020

Directors Present: Joe Stuart, Jim Cioffi **Staff Present:** Mark Krause, Ashley Metzger

1. Discussion Items

- A. <u>Upcoming webinars</u> The Committee discussed planned webinar topics and prior webinar success.
- B. <u>Website update</u> The Committee reviewed the new website front end and directed staff to move forward with the transition as appropriate.
- C. <u>CaDC overview</u> Staff informed the Committee of the benefits of the California Data Collaborative membership and the planned projects. Chair Stuart directed staff to move forward and to avoid sharing data neighbor to neighbor and to maintain a positive strategy. Vice-Chair Cioffi agreed.
- D. <u>Outreach efforts</u> The Committee directed staff to develop an outline for litigation outreach strategy.
- 2. Other None
- 3. Adjourn

Minutes Executive Committee Meeting July 16, 2020

Directors Present: Joseph Stuart, Kristin Bloomer **Staff Present:** Mark Krause, Steve Johnson, Esther Saenz, Sylvia Baca

1. Discussion Items

- A. <u>Review Agenda for July 21, 2020 Regular Board Meeting</u> The proposed agenda for the July 21, 2020 meeting was reviewed.
- 2. Other None
- 3. Adjourn

STAFF REPORT TO DESERT WATER AGENCY BOARD OF DIRECTORS

JULY 21, 2020

RE: JUNE 2020 WATER USE REDUCTION FIGURES

Desert Water Agency and its customers achieved a 22% reduction in potable water production during June 2020 compared to the same month in 2013 – the baseline year used by the State Water Resources Control Board (State Water Board) to measure statewide conservation achievements. DWA continues to report its production to the state on a monthly basis, despite mandatory conservation ending in 2017.

DWA is asking its customers to save 10-13% compared to 2013 to help achieve long-term sustainability.

The cumulative savings over the last twelve-month period is 18.8%. The cumulative savings beginning in June of 2016 when we put our 10-13% target in place is 17.9%.

On the following page is additional information for this month.

June 2020 water production	2,936.09 AF				
June 2013 water production	3,742.42 AF				
Percent changed in this month per drought surcharge baseline (June 2020)	-31.55%				
Quantity of potable water delivered for all commercial, industrial, and institutional users for the reporting month	835.75 AF				
The percentage of the Total Monthly Potable Water Production going to residential use only for the reporting month	71.54%				
Population (inclusive of seasonal residents)	89,232				
Estimated R-GPCD	255.66				
How many public complaints of water waste or violation of conservation rules were received during the reporting month?	20				
How many contacts (written/ verbal) were made with customers for actual/ alleged water waste or for a violation of conservation rules?	7				
How many formal warning actions (e.g.: written notifications, warning letters, door hangers) were issued for water waste or for a violation of conservation rules?	5				
How many penalties were issued for water waste or for a violation of conservation rules?	1				
Comments: The Agency's service area is highly seasonal making population analysis a complex task. The State Water Board analyzes data on a per capita basis.					
Population figures included are those accepted by the Department of Water Resources.					

This has increased our estimated R-GPCD. We anticipate another increase in our monthly reporting when the mandatory reporting regulations go into effect as we have historically reported consumption. We will be required to report production, which includes water losses (leaks).

Since Desert Water Agency began recycling water, the agency has reclaimed 105,236 acre feet. If our recycled water production for this month was taken into consideration against our potable production, the conservation achieved would have been several percentage points higher.

STAFF REPORT TO DESERT WATER AGENCY BOARD OF DIRECTORS

JULY 21, 2020

RE: COVID-19 FINANCIAL IMPACT UPDATE

On March 17, 2020, the Board took multiple actions in response to the COVID-19 pandemic. These actions included the suspension of Late Fees and water disconnections for non-payment, and absorption of Paymentus remote payment convenience fees for sixty days and granted General Manager Krause the ability to take action regarding on premise staffing levels in order to achieve appropriate social distancing. On May 5, 2020, the Board voted unanimously to extend the financial relief measures for customers for an additional sixty days. Additionally, on July 7, 2020, the Board again voted unanimously to extend the financial relief measures for customers for an additional sixty days. Additionally, on July 7, 2020, the Board again voted unanimously to extend the financial relief for customers for an additional sixty-two days, through September 15, 2020.

The following figures are representative of the financial impact the Agency has experienced to date as a result of the above mentioned actions and COVID-19 impacts to Water Sale revenue.

Water Sales

As a result of COVID-19, the Agency has experienced decreased water sales. Water consumption in June increased by 37% as compared to May consumption. June consumption has returned to just above the historical 3-year average for the month of June. During the month of June, residential consumption accounts for 74% of total consumption and Commercial consumption accounts for 26% of total consumption. For comparison, Residential and Commercial consumption in 2018/2019 were 70% and 30% respectively. The Agency has continued to see a shift of consumption from commercial to residential. Overall, the Agency has experienced approximately \$457,600 in decreased water revenues attributed to COVID-19 for the period of March through June 2020.

Late Fees

For the measurement period of March 17th to July 13th, the Agency has not assessed 6,099 late fees. This equates to \$152,500 in lost revenues.

Reconnection Fees

The Agency has not discontinued water service for non-payment, which has resulted in decreased revenues of approximately \$115,600 from March 17th to July 13th.

Paymentus Fees

For the measurement period of March 17th to July 10th, the Agency has absorbed \$9,000 in Paymentus fees (2,229 payments), allowing customers to make remote payments at no charge. The Agency has not experienced an increase payment volume on the Paymentus platform despite it being free of charge as originally anticipated.

Telecommuting Expenses

In order to support social distancing efforts, the Agency has shifted to a remote working environment where possible. Agency laptops and telecommunication access to the Agency have been provided to staff, costing the agency \$15,550 to date. The upgrade to the Agency's phone system and telecommuting software upgrades are nearing completion and will allow for increased remote access capabilities. These enhanced capabilities will cost approximately \$28,000 and will be beneficial to the Agency beyond the immediate COVID-19 need.

Safety Supplies & Disinfection

To date, the Agency has purchased \$3,600 in safety supplies directly related to COVID-19. Items purchased include, masks/respirators, thermometers and disinfecting supplies. The Agency has also increased its nightly cleaning services contract to include disinfection of the Operations Center at a cost of \$300 per weekday, totaling \$24,300 to date.

To date, the Agency has experienced lost revenues of \$725,700 and increased expenses of \$80,450 as a result of the COVID-19 pandemic, totaling a net impact of \$806,150. The Agency will continue to monitor the ongoing revenue losses and expenses related to COVID-19 and will provide ongoing updates to the Board.
